### Sample 1: Book Review - *Charlotte's Web* by E.B. White

**Title:** A Story of Friendship and Sacrifice

**Rating:** ★★★★★ (5/5 Stars)

**Summary:** This book is about a pig named Wilbur who is going to be sent to the butcher. His friend, a spider named Charlotte, tries to save his life by writing words in her web, like “SOME PIG” and “TERRIFIC.” Everyone thinks it’s a miracle, and Wilbur becomes famous and wins a prize at the fair.

**What I Liked:** I loved the friendship between Charlotte and Wilbur. Charlotte was very smart and kind, even though she was a spider. I also liked Templeton the rat because he was funny and grumpy. My favorite part was when Wilbur tried to spin a web himself—it was hilarious!

**What I Didn't Like:** The ending made me very sad, but I understand why it happened. Some of the descriptions of the farm were a little long.

**Conclusion:** I would recommend this book to anyone who loves animals and stories about true friends. It teaches you that even small creatures can do big things. It’s a classic for a reason!

### Sample 2: Movie Review - *Moana* (Disney)

**Title:** A Brave Voyager

**Rating:** ★★★★★☆ (4/5 Stars)

**Summary:** Moana is the daughter of a chief on an island. When a darkness starts killing the plants, she goes on a journey across the ocean to find the demigod Maui and make him return the heart of the goddess Te Fiti.

**What I Liked:** The music is amazing! My favorite song is “How Far I’ll Go.” I also liked that Moana was brave and didn’t need a prince to save her. The ocean was like a character itself, which was cool. The animation of the water is beautiful.

**What I Didn’t Like:** The monster Tamatoa was a little scary for my younger brother. Also, Maui was mean at first.

**Conclusion:** This is a great movie about finding your own path. Girls and boys will both like the adventure and the funny chicken, Heihei!

### **Sample 3: Toy Review - LEGO Classic Creative Bricks**

**Title:** Endless Building Fun

**Rating:** ★★★★★ (5/5 Stars)

**Product:** LEGO Classic Medium Creative Brick Box (484 pieces)

**Description:** This is a box of LEGO bricks in many different colors and sizes. It comes with wheels, windows, doors, and eyes. There are also idea cards to show you how to build small models.

**What I Liked:** You can build anything you imagine! I made a spaceship, a zoo, and a weird monster. The pieces are good quality and fit together perfectly. It’s fun to play with alone or with my dad.

**What I Didn’t Like:** Sometimes it’s hard to find the exact piece you need because they are all mixed up. Stepping on a brick hurts a LOT.

**Conclusion:** This is the best starter LEGO set. It encourages creativity and provides hours of play. I highly recommend it for kids 5 and up.

#### **Sample 4: Restaurant Review - Pete's Pizza Palace**

**Title:** The Best Cheese Pizza in Town!

**Rating:** ★★★★★☆ (4/5 Stars)

**Place:** Pete's Pizza Palace, 123 Main Street

**Experience:** My family went here for my birthday dinner. The restaurant is noisy but fun, with checkered tablecloths and cartoons on the walls. We had to wait 15 minutes for a table.

**The Food:** We ordered a large cheese pizza and garlic knots. The pizza was delicious! The crust was crispy, the cheese was gooey, and the sauce was just sweet enough. The garlic knots were soft and buttery. The kid's soda came in a cool cup with a crazy straw.

**What Could Be Better:** It was very crowded. The ice cream for dessert was a little melted by the time it got to our table.

**Conclusion:** If you want great pizza and don't mind a loud, busy place, go to Pete's. I can't wait to go back!

#### **Sample 5: Video Game Review - *Minecraft* (Switch Version)**

**Title:** A World of Your Own

**Rating:** ★★★★★ (5/5 Stars)

**Game:** Minecraft (Nintendo Switch Edition)

**What It Is:** In Minecraft, you are placed in a blocky world where you can break and place blocks to build anything. You can play in Creative Mode (with unlimited blocks and no monsters) or Survival Mode (where you gather resources, build shelter, and fight zombies and creepers).

**What I Liked:** I love that you can build huge castles, secret tunnels, or even a roller coaster.

Playing with my friends online is the best part. Every world is different. The music is calm and peaceful.

**What I Didn't Like:** In Survival Mode, the Creepers (green monsters that explode) are really annoying and scary when they sneak up on you. Sometimes the game can be confusing when you first start.

**Conclusion:** Minecraft is like digital LEGOs with adventure. It's fun for all ages and lets you use your imagination. It's my favorite game!
